

## INDEX TO VOLUME XLIX, 1979

Subjects of *Books Reviews*, *Editorial*, *Notices to Marine Observers*, *Notices to Mariners*, *Photographs* and persons named in *Retirement* and *Obituary notices* are indexed under these general headings.

- Act 1**, 59  
**Anatomy of a storm**, 200  
**ANDERSON, R. K.**, Current uses of satellite data in a Meteorological Forecast Office, 26  
**Arctic Troll**, 115  
**Asiatic freighter**, 119  
**Atlantic Causeway**, 178  
**Atlantic Project**, 116  
**Aurora**:  
    Australis, Indian Ocean, 24  
    Norwegian Sea, 71  
    Western North Atlantic, 70  
**Aurora Notes**:  
    January to March 1978, 39  
    April to June 1978, 85  
    July to September 1978, 138  
    October to December 1978, 206  
**Avelona Star**, 10  
**Awards**, Special long-service:  
    COCKSHOOT, Capt. N. W., 38  
    HELLINGS, Capt. J. D., 38  
    HUNT, Capt. V. A., 38  
    HUTSON, Capt. J. H., 38  
**BADER, M., DOUGLAS, H. A., KERLEY, M. J.**, the United Kingdom national data buoy (DB1)—a future source of meteorological data?, 73  
**Beetles**:  
    Arabian Sea, 188  
    South Pacific Ocean, 19  
**Benalder**, 109, 117, 118, 121  
**Bencruachen**, 72  
**Benhope**, 181  
**Bioluminescence**:  
    Arabian Sea, 69, 121  
    Eastern North Atlantic, 21  
    Eastern South Pacific, 22, 67  
    Gulf of Aden, 69, 122  
    Indian Ocean, 189, 190  
    North Atlantic Ocean, 21, 121  
    South African waters, 21  
    South China Sea, 68, 189  
**Birds**:  
    Arabian Sea, 117, 186  
    Gulf of Aden, 67  
    Mediterranean Sea, 64  
    North Atlantic Ocean, 17, 115, 116  
    Red Sea, 18, 118  
    South Atlantic Ocean, 65  
    South China Sea, 116, 186  
    Western North Atlantic, 185  
**Book Reviews**:  
    *A Field Guide to Seabirds of Britain and the World*, G. S. Tuck, 146  
    *Typhoon Havens Handbook for the Western Pacific and Indian Oceans*, Samson Brand and Jack W. Billeloch, 216  
**B. R. Ambedkar**, 69  
    Brief introduction to the United Kingdom Mark 3 radiosonde system, 195  
**British Beech**, 60  
**British Commodore**, 186  
**British Holly**, 180  
**British Maple**, 186, 187  
**British Poplar**, 65  
**British Progress**, 16  
**British Scientist**, 15  
**British Unity**, 190  
    Butterfly, Eastern North Atlantic, 120  
**C. P. Voyageur**, 112  
**Cardigan Bay**, 69  
**Carmania**, 12  
**City of Durban**, 123  
**City of Edinburgh**, 20, 24  
**City of Lancaster**, 183  
**City of St Albans**, 113  
**City of Wellington**, 18  
**City of Winchester**, 188  
**Clan Macgillivray**, 21, 184  
**Clan MacNab**, 193  
**Clan MacNair**, 15  
**Chytoneus**, 185  
**Columbia Star**, 8, 59, 182  
**Cortes**, 15, 23  
**Crabs**, Gulf of Aden, 184  
**Crickets**, Red Sea, 20  
    Current uses of satellite data in a Meteorological Forecast Office, 26  
**Cyclone 'Alby'**, Indian Ocean, 59  
**Dart America**, 121  
**Dart Atlantic**, 70, 71  
    Depression, tropical 'Winnie', Indian Ocean, 7  
    Dolphins, Eastern North Pacific, 181  
    Dolphin Fish, Eastern North Pacific, 114  
**DOUGLAS, H. A., BADER, M., KERLEY, M. J.**, the United Kingdom national data buoy (DB1)—a future source of meteorological data?, 73  
**Dover Castle**, 120  
**Dragon-fly**, Arabian Sea, 188  
**Earthquakes**:  
    Chilean waters, 191  
    Gulf of Aden, 193  
    Japanese waters, 24  
    Eclipse, lunar, Indian Ocean, 23  
**Editorial**, 4  
**Editor's note**, 25  
**Encounter Bay**, 61  
    Encounter with hurricane 'Flossie', 135  
**Excellent Awards**, 1978:  
    British, 102  
    Indian, 205  
**Fish**:  
    Bay of Biscay, 15, 62  
    South Atlantic Ocean, 16  
**Fleet Lists**:  
    Australia, 162  
    Canada, 52, 164  
    Great Britain, 40, 148  
    Hong Kong, 52, 166  
    India, 52, 167  
    New Zealand, 52, 170  
    Singapore, 171  
**Flinders Bay**, 185, 187  
**Flying-fish**, Arabian Sea, 183  
**Freak waves**, North Atlantic Ocean, 12  
**Frontier**, 115  
**Fusus**, 18  
**Gladstone Star**, 14  
**Glenpark**, 111  
**Grasshoppers**:  
    Caribbean Sea, 119  
    North Pacific Ocean, 20  
    Western North Atlantic, 119  
**Green Flash**, Eastern South Atlantic, 123  
**Gypsum Empress**, 122  
**Halifax Star**, 22  
**Halo**, solar, Mediterranean Sea, 69  
**Hawkmouth**:  
    North Atlantic Ocean, 66  
    Western South Atlantic, 18  
**Heavy swell**, Mediterranean Sea, 60  
**Heavy weather**, North Atlantic Ocean, 178  
**Hector**, 110  
**Hobart Star**, 7  
**HOWE, J. W.**, A short history of the Port of London, 129  
**Hupei**, 62  
**Hurricane 'Aletta'**, Gulf of Tehuantepec, 59  
**Ibn Rushd**, 11  
**Ice Conditions** in areas adjacent to the North Atlantic Ocean:  
    July to September 1978, 41  
    October to December 1978, 91  
    January to March 1979, 140  
    April to June 1979, 210  
**Iceberg sighting**, South Atlantic Ocean, 60  
**International Dolphin Watch**, 82  
**Iridescence**, Caribbean Sea, 122  
**JAMES, R. W.**, Anatomy of a storm, 200

#### Jelly-fish:

- Caribbean Sea, 16
- Eastern North Atlantic, 63
- John Biscoe*, 60

KERLEY, M. J., BADER, M., DOUGLAS, H. A., the United Kingdom national data buoy (DB1)—a future source of meteorological data?, 73

#### Kooloon Bay, 68

#### Line-squalls:

- Severe, Gulf of Mexico, 10
- and waterspout, North Atlantic Ocean, 11
- North Pacific Ocean, 11

#### Liverpool Bay, 174, 189

#### LIVSEY, R. J.:

- Aurora Notes January to March 1978, 39
- Aurora Notes April to June 1978, 85
- Aurora Notes July to September 1978, 138
- Aurora Notes October to December 1978, 206

#### Lizard, Gulf of Siam, 187

#### Locusts:

- Gulf of Aden, 67, 119

#### Mediterranean Sea, 118

#### London Cavalier, 191

- Long association with shipowners—Clan Line Steamers Limited, 89

#### Maersk Cadet, 184

#### Mairangi Bay, 67

#### Manchester Crusade, 17

#### Mayfield, 113, 114

#### Megantic, 183

#### MILLER, N. A., Encounter with hurricane 'Flossie', 135

#### Moreton Bay, 16, 63

#### Moth, Eastern Indian Ocean, 187

#### MULHOLLAND, D., Portishead Radio, 36

#### Nairnbank, 193

#### Nessbank, 111

#### New Westminster City, 66

#### Notices to Marine Observers:

- Appointment of new Port Meteorological Officer, 48, 217

#### Locust reports, 48, 217

#### Marine Meteorological Office at Doha, State of Qatar, 98

#### Nautical Officers of the Marine Division of the Meteorological Office, Great Britain, 218

#### Obituaries:

- BROOK, Mr J. N., 46

#### GARRETT, Capt. G., 146

#### Orbita, 22

#### Orcoma, 181

#### ORA, ELAINE, the International Dolphin Watch, 82

#### Osaka Bay, 121

#### PETTIFER, R. E. W., A brief introduction to the United Kingdom Mark 3 radiosonde system, 195

#### Photographs:

- Captain A. Phillips being introduced to H.M. The Queen, opposite 17

#### Clouds over the USA. GOES enhanced infra-red image for 1030 GMT, 12 September 1977, opposite 29

#### Computer and other ground station equipment for processing signals received from the radiosonde, opposite 189

#### Deep-sea hatchet-fish found on board m.v. *Timaru Star*, opposite 69

#### Esa Meteosat 1. First raw visible image, 9 December 1977, opposite 117

#### Example of GOES-east north-east quadrant WEFAX sector, opposite 25

#### Excellent Awards, three best ships, opposite 116

#### Flying-fish found on board m.v. *City of Lancaster*, opposite 188

#### Gecko found on board m.v. *British Maple*, opposite 188

#### GOES-2 VISSR-VIS image of the Trollunga iceberg, opposite 69

#### H.M. The Queen signing the Visitor's Book at Meteorological Office Headquarters, opposite 16

#### Hurricane Anita, GOES enhanced infra-red image for 0000 GMT, 2 September 1977, opposite 28

#### Hurricane Anita. GOES unenhanced infra-red image for 0000 GMT, 2 September 1977, opposite 28

#### Ice in the Davis Strait. NOAA VHRR visible image for 30 March 1976, opposite 37

#### Kingfisher found on board m.v. *British Maple*, opposite 188

#### Photographs:—contd.

#### Land-breeze convection along the African coast. NOAA VHRR visible image for 13 July 1973, opposite 37

#### Landsat-1 MSS-5 image of the Trollunga giant iceberg, 11 December 1973, opposite 68

#### Mark 3 radiosonde, opposite 196

#### Morse consoles at Portishead Radio, opposite 24
